FOR PRESIDENT,
JAMES A. GARFIELD,
Of Ohio.

FOR VICE PRESIDENT,
CHESTER A. ARTHUR,
Of New York.

THE SCHOOL LAND BILL.

Hon. C. C. Stevenson made a speech at Gold Hill on Thursday evening. He said he did not purpose to do much talking, but he wished to reply to some things which had been said by Hon. George W. Cassidy, Democratic candidate for Congress, with reference to the bill concerning school lands in Nevada. In a speech in Virginia Mr. Cassidy had said that the bill granting two million acres of land to Nevada, in exchange for sixteenth and thirty-sixth sections, originated in the Democratic head of Governor Bradley. To this the speaker wished to interpose a denial. He was a member of the State Senate with Mr. Cassidy, and he knew, as all should know, that the assertion of Mr. Cassidy was false.

In 1873 Hon. A. N. Fisher, Superintendent of Public Instruction of Nevada, drafted a joint resolution asking Congress on the relinquishment by Nevada of the sixteenth and thirty-sixth sections of lands granted the State for school purposes, to grant one million acres in their stead, to be selected by the State. This resolution was handed to Jerry Moore, of Elko, a good Republican, then in the State Senate, and introduced and referred to the Committee on Public Lands. It was there decided that there was too much machinery in it to make it practicable, and the committee for that reason reported against its adoption; but, keeping in view the object to be accomplished, introduced a substitute, which was referred to the Committee on Education, of which the speaker was Chairman. The committee reported favorably on the bill, it was passed and sent to Congressman Kendall.

No further action was taken in the matter till 1877, when Jerry Moore, then in the Assembly, copied the bill, making the million acres, however, a million and a half, and it was sent to Washington. Still, there was no action taken till 1879, when a bill was drawn by Hon. A. J. Hatch, Surveyor General of Nevada and a good Republican, embodying precisely the same provisions as the foregoing, except asking for two million acres, given to Senator King of Lyon county, and passed. It was then forwarded to Hon. R. M. Daggett, our Representative in Congress, and through his energy, passed. The Board of Regents of which the speaker was a member, then fixed the price of the lands, and by their sale the State will realize about \$3,000,000—a school fund of magnificent proportions, and so ample that in a short time it would be unnecessary to levy another school tax in the State of Nevada. In proof of what he had said of the origin and progress of the measure the speaker referred to Legislative enactments 1873, 1877 and 1879. When Governor Bradley was alive Mr. Cassidy was not on speaking terms with him and could say nothing mean enough of the old gentleman. It seemed, therefore, strange to the speaker that Mr. Cassidy should now give Governor Bradley credit for having originated the Bill concerning School Lands.

A Journal New York special says: It now looks as if Garfield would receive a majority in the State of over 120,000 outside of New York and Brooklyn. This would carry the State by at least 45,000. Following close upon the speech of General Grant at Syracuse comes the announcement that several prominent Democrats of that city have come out for Garfield. Among them are Thomas Gate, the well-known contractor; William T. Hamilton, President of the Morris Run Coal Company; John Greenway, the well-known brewer; Abel G. Cook and many others equally well known.

The New York Sun warns the people against the forged Morey-Garfield letter and says: "After persistently denouncing for four years the obtaining of power by the Republicans through means of fraud, we have no desire to see it wrested from them by forgery."

The Herald gives the following estimates of Connecticut's vote on Tuesday: The Democratic committee figure 700 Democratic majority; and the Republican estimate is 1,200 Republican majority.

Beatty is the poor man's candidate for Justice of the Supreme Court. All should vote for him.

Garfield will carry every Northern State—and he ought to.

Let no Republican aid the Democrats to elect the U. S. Senator.

Remember Daggett and the School Law Bill.

NEW YORK AND THE END.

The great question now asked by Republicans is, "Upon what grounds can we base claims of carrying the State of New York?" It is true that the eastern victories have given our campaign an immense "boom," and that our leaders express great confidence of the election of Gen. Garfield. Let us look at the vote in New York, for the past years. By so doing, and then calculating the change of the votes by reason of the tariff agitation, we can arrive at a pretty accurate conclusion. In the contest for Governor in 1879, there were three candidates in the field, Republican, Democratic and Tammany. The total vote was 901,535. Governor Cornell, (Rep.) received 418,567; Robinson, (regular Dem.) 375,790; Kelly, (Tammany), 77,568, a majority over Cornell of 34,789. But these figures do not represent the actual difference between the Democratic and Republican vote, as shown at that election. Both wings of the Democratic party supported the regular ticket below the nominees for Governor yet Hoskins, (Rep.) for Lieutenant Governor received 435,301, against 435,014 for Potter, his Democratic opponent. These figures significant as they are, apply with increased force to this Presidential election. The majority of Governor Cornell against the combined force of the Democratic party in 1879 can be accounted for very satisfactorily. He was not a popular man in the Republican party, and was scratched by the "Independents" who are now for Garfield. Then again, the split in the Democratic ranks, had the effect of drawing out its full strength. It is seen that the strength of the two parties in New York last year were very evenly balanced. Now toward which side has the tide of popular favor set since then; certainly not toward Democracy. The issues brought forward in the National contest, and in New York, are not before the people since the war. The manufacturers of New York are placing themselves on the side of protection and prosperity and will vote for Garfield; their employees are following their example. This and other causes are operating greatly to the advantage of the Republican party. Never before has their campaign been so ably and carefully directed; the arguments put before the people for prosperity, protection and equal rights, are identified so closely with our National life, that men of fair mind and thinking cannot but help seeing the justice of the Republican cause, and will vote for its candidate. To sum up: Garfield will be elected. New York is his. Hancock is a fitting leader to marshal the Democratic party for its death struggle. The spirit of Southern Rebel Democracy, and its intense hatred for Republicanism is well shown by the recent actions in Portsmouth, Va. A Democratic mob broke into the Republican headquarters, tore up a new Garfield and Arthur banner which cost more than \$100, cut the halliards and then destroyed every Republican flag in the city. These actions show what it is to be a Republican in the enlightened State of Virginia in 1880. Such exhibitions of bitter hatred are seen in every Southern State. But the day of retribution is dawning. This sort of thing can not be tolerated, and when the Republicans shall have won the great battle next Tuesday, when General Garfield shall have been inaugurated on the 4th of next March, and when a Republican House of Representatives shall have been secured, with a tie in the Senate and a Republican Vice President in the chair to give the casting vote, then the "Solid South" will be compelled to take its own medicine administered to it through the power of the statutes of the United States. The North will no longer consent that Republicans in the South shall be ostracized, despoiled of their rights, virtual prisoners of war. The day is coming. God speed it.

Neal Dow Announces Himself for Garfield.

A Tribune August (Mo.) special of October 28, says: Neal Dow was interviewed today. He declared that he intended to vote for Garfield, fully realizing that one of the two leading candidates for the Presidency must be chosen. He says he was never a more stalwart Republican than now; that to put a prohibition ticket into the field would simply aid Hancock, whose election he would regard as an overwhelming disaster to the business prosperity now everywhere developing throughout the country. In the opinion of General Dow every Republican in the State who felt dissatisfied in any degree with Governor Davis will support Garfield, working and voting for him. He judges that to vote for Prohibitory Presidential Electors in Maine in this election would be only to aid the enemies of prohibition. It would really, in his judgment, be disloyalty to the Prohibitionists to run a ticket for the benefit of Hancock or the Solid South Democrats.

In a recent letter to Grant John Mackay pledged Nevada to Garfield by 600 majority.

Daggett has been true to his constituents. They should be true to him.

OUR TICKET.

A BRIEF REVIEW OF THE REPUBLICAN NOMINEES.

The State, County and Township.

Garfield and Arthur are the names justly entitled to head the Republican ticket, the names of our Electors being R. H. Taylor, O. H. Grey, E. A. Morton.

W. H. BEATTY

Is the Republican nominee for Justice of the Supreme Court. His record in the past is the best guarantee of his future conduct. A pure man; an upright Judge, he is the one the people should delight to honor. He is a credit to the Bench.

R. M. DAGGETT

Deserves to be re-elected to Congress. He has been the best and brightest Representative the State has ever had. The one term he has been there has made him acquainted with the members and given him an insight into the manner in which business is conducted. To change him off now for a new man would be of detriment to the best interests of the State.

THE COUNTY TICKET.

The ticket nominated by the Republican County Convention is one of the very best ever presented. This was to have been expected, from the character of the men composing the Convention, who were nearly all intelligent citizens and large taxpayers, and it was reasonable to surmise that the candidates would be men well qualified to discharge the duties of the respective stations, fair representatives of the principles of the party, and calculated to be worthy of the suffrages of the voters.

LEGISLATIVE.

For State Senator we have Dr. Alson Dawson, the peer in character and intelligence of any man in the county. The Dr. is not only a gentleman, but an educated gentleman, and in the State Senate would at once assume and maintain a leading position. He would be a credit to the county. The best interests of the Republican party and Washoe county demand his election.

Frank Bell will make an excellent Assemblyman. A careful reader and thinker is Frank, and he is as familiar with State affairs as anybody; understands fully the needs and requirements of Washoe and will work for us like a beaver. Mr. Bell is well known all over the State, and by reason of his extended acquaintance will be enabled to wield more influence than one who is a perfect stranger. There will not be a better man in the Legislature than Frank Bell.

Pete Marker is also a first-class man for the Assembly, and his nomination was a deserving tribute to him not only as a man, but in recognition of his services to his party and his county. Pete has always spent his time and put up his money for any and every thing which would benefit this county. He is a live business man, as is attested by the successful manner in which he has managed the large undertakings in which he has been so frequently engaged. He is a true man, and being one of our largest taxpayers will be certain to work for whatever he considers will be best for the people.

Tom Herman, of Wadsworth, is an old and respected citizen, and the people can rely upon his doing exactly right. He has served the people before and they know him thoroughly.

These four men are all possessed of good judgment and positive convictions and working together, as they will, will be able to accomplish considerable good for Washoe county.

FOR SHERIFF.

Mr. A. K. Lamb is the Republican nominee for Sheriff. Through an unfortunate combination of affairs he was defeated at the election in 1878. A large number of men who voted against him then now intend to support him, and our belief is that he will be the next Sheriff of Washoe county. He is familiar with the duties of the office, and things will go on under him just like clockwork. The Republicans are in a majority in this county, and the Sheriff's office is one of more or less political power and no matter how much or how little there is in it, it should be wielded by the dominant party. Therefore should Lamb be elected.

FOR COUNTY CLERK.

The Republican nominee for County Clerk ought to be and will be elected. He is emphatically a Washoe county boy, having lived here since he was 11 years of age, he now being 28, and during all that time he has lived an honest, upright life. He is a young man worthy of every confidence; a boy who appreciates the honor conferred upon him by the Republican Convention, and if elected by the people, will show by his acts that he was deserving of it. He is as competent to perform the duties of Clerk as anybody we know of, and we feel satisfied that if the people once put him in that office it will be a long time before they will remove him.

FOR ASSESSOR.

W. F. Everett was complimented with a renomination for Assessor by the Republican County Convention. Mr. Everett's experience in that office during the past two years will enable him to

perform the work better in the next two years, for he is now familiar with the property of the county and its value, and can therefore make a fair, impartial assessment. He has been prompt in the past, and will do his utmost to give satisfaction in the future.

LONG TERM COMMISSIONER.

Though a few dissatisfied malcontents desired to shelve him, the Republican Convention renominated Tom Hymers for Commissioner by a large vote. He may have made a few mistakes, but take it all in all, and Washoe county has never had a better Commissioner than Tom Hymers, and we know the temper of this people too well not to know that he will be re-elected by a large majority, for now that we will soon be working under the Salary Bill, his services will be of more value to the taxpayers than ever.

SHORT TERM COMMISSIONER.

Nat Holmes, of Franktown, is the Republican nominee for short term Commissioner. There are but few people in this county who do not know Nat. He has lived here since the flood; has held office before, and possesses in an eminent degree those qualities which fit a man to be a County Father.

FOR RECORDER.

T. F. Laycock will make a good Recorder, and if Republicans will give him their support, as they should, he will be the next occupant of that office. He has the necessary qualifications to discharge the duties of that office, and if elected, will strive with might and main to please his constituents. A Union soldier, he is entitled to consideration; a good penman and first-class accountant, makes him eligible; a true-blue Republican, his party ought to stay with him.

TREASURER.

Dan Boyd gave the people and his party so much satisfaction that the Convention nominated him by acclamation, a deserved compliment to a faithful officer. Dan just fills this Treasurer's office to a T, and he will have no trouble in giving a bond when he takes the position for a second term, which he will surely do on the first Monday in January.

DISTRICT ATTORNEY.

Tom Julien, the Republican candidate for District Attorney, is in every respect deserving of the suffrages of the voters of Washoe county. He was District Attorney of Humboldt county for one term, and made a most efficient officer. He is a true blue Republican.

SURVEYOR.

J. D. Parks, the nominee for Surveyor, is perfectly competent to discharge the duties of that office. There is not much to do, but what little there is will be well done by Parks.

SUF. OF SCHOOLS.

We know of no one in the county we would rather see Co. Supt. of Schools, than W. B. Jenvey, who loves the common school system as the apple of his eye, and although a clergyman, will never allow anything savoring of sectarianism to influence his administration. Mr. Jenvey is also a practical teacher, another very important consideration. He will take delight in faithfully discharging the duties pertaining to this office.

PUBLIC ADMINISTRATOR.

Billy Dickens will make an efficient and honest Public Administrator, and any estates left in his charge will be economically administered. The people can rely upon this important office being run in the right channel by W. H. Dickens.

TOWNSHIP NOMINEES.

The Republican nominees for Judge and Constable of Reno Township are W. H. Young and E. Nash. Judge Young has made a good Justice, and we believe that the interests of the public have been carefully looked out for by him. We hope that he will be re-elected. Richard Nash is well qualified for the office of Constable. He was formerly Sheriff of Humboldt county, is a man of family, and morally, without reproach. He is a true-blue Republican, and deserves the vote of every member of his party.

Democratic County Platform.

The Democracy of Washoe county in convention assembled declare as follows:
That we, the Democracy of Washoe county, endorse and reaffirm the principles enunciated in the platform of the National Convention at Cleveland, in June last, and also our State Convention at Wilkes-Barre, and heartily approve the lines of government therein marked out.
Resolved, That we recognize in our candidate for Congress, Hon. G. W. Cassidy, an able statesman and tried gentleman, one who, as Senator, has shown the highest fidelity to the principles of our party, and who, as Representative, has shown the highest fidelity to the interests of our State and we pledge that if elected, among his first legislative acts shall be to introduce such a measure as will make completely operative and effective that plank of the national platform which demands the prohibition of Chinese immigration, and that we cordially invite to the support of our candidate every voter of what ever political creed, who sincerely desires that our laboring classes may be forever relieved of the curse of cheap competition, and cite to them the fact that relief can only come from a Democratic Congress and a Democratic President.
Resolved, That in the person of Judge C. H. Bellman we have an eminent jurist, one that is tried and true, and we point with pride to his past record.
Resolved, That the Democratic party has always maintained that none but residents of Nevada should represent her in the national council, and we deprecate the practice inaugurated by Jones and followed by Shannon, of corrupting by the free money, the elective franchise of a free people, and we call upon all Democrats and honest Republicans to come boldly forward and assist in wiping out this stain upon the fair name of our young and growing State.

Resolutions Adopted by the Republican State Convention:

Resolved, That the platform of principles adopted by the National Republican Convention at Chicago in June deserves and receives the approval and hearty endorsement of all Republicans of Nevada.
Resolved, That the horde of Chinese that are coming in upon our shores to eat our substance are destroying our country, impoverishing our mines, miners and laborers, debauching our youth and making both men and women lower in the scale of humanity. This evil must and shall be stopped, and to this end we pledge the entire strength of the Republican party. In the language of our great leader, we regard the immigration of Asiatics to the United States as little less than a servile invasion. Should the Commissioners now in negotiation with the Chinese Government fail to secure by the first of next January such a modification of the Burlingame Treaty as will practically put an end to the influx of Chinese to this country, we demand that the treaty then be promptly annulled, and such laws enacted as will relieve us as an entire people of the Asiatic scourge now menacing the well being of the Republic.
Resolved, That we most heartily endorse the general financial policy of the Republican party, which, in spite of every opposition on the part of the Democracy, has led to the resumption of specie payments, the raising of our National credit to a height never before known, and the restoration of National prosperity. But we also demand the complete restoration of silver coin to its former position by the sale of gold, and for the purpose of obtaining that end to appeal to the raising of our National credit to a height never before known, and the restoration of National prosperity. But we also demand the complete restoration of silver coin to its former position by the sale of gold, and for the purpose of obtaining that end to appeal to the raising of our National credit to a height never before known, and the restoration of National prosperity.
